CPA supplied 1000's of galvanized cold shoes to a Petrochemical complex in India. Above the 'army' of cold shoes is laid out in our works ready for inspection prior to packing and shipping!

CPA HAS WON THREE MORE 3D PIPE SUPPORT DESIGN + SUPPLY CONTRACTS WITH US & EUROPEAN BASED CLIENTS

CPA is performing 3D pipe support design work within the client's 3D plant modelling software, as well as producing 2D support drawings + fabricating the supports.

CPA EXHIBITED AT GASTECH 2023, SINGAPORE, SHOWCASING OUR CAPABILITIES AND FULL PIPE SUPPORT PRODUCT RANGE

CPA enjoyed a fantastic 4 days at the Gastech Expo, Singapore, where we had the opportunity to connect with a wide variety of stakeholders. We had a full physical product range on our exhibition stand which we were able to present to visitors to our stand. In particular, we were able to introduce stakeholders to our new Aerogel cold and hot shoes.

CPA HAS SUPPLIED 100+ VARIABLE SPRING SUPPORTS, RIGID HANGERS AND RIGID STRUTS TO A GAS TERMINAL PROJECT IN AUSTRALIA

The supports will be installed on an offshore floating gas terminal which will connect to an onshore refinery. The supports are finished with a paint system in line with the client specification.

CPA HAS SUPPLIED STAINLESS STEEL SPRING SUPPORTS TO AN 'FPU' IN AUSTRALIA

An 'FPU' or Floating Production Unit will have a production capacity of up to 1.8 billion standard cubic feet per day.

All of the support components are made from stainless steel, as per client specification.
